

I am pleased to announce that I have joined our Schools Direct sales team as an account manager. I am now responsible for sales into selected schools in the Auckland region, as well as all schools in the Bay of Plenty. From April 1st, I will also take over responsibility for all South Island schools, as Peter Clark will be retiring from his sales role. I will also continue to bring you our comprehensive art and design book selection.

Many of you I have met during the 23 years I have worked at Gordon Harris. In that time I have enjoyed looking after Advertising Agencies, Graphic Design Studios, Illustrators, Architects, Artists and more recently Street Artists. I look forward to working with and learning from you as we continue to develop our business supplying Secondary School Art and Technology departments. Please don't hesitate to contact me if you have any queries.

# NEW BASIC ARCHITECTURE SERIES 2.0

REVISED, NEWLY DESIGNED HARDCOVER  
AN ESSENTIAL ELEMENT IN ANY DESIGN LIBRARY

~~\$26.99~~ **\$24.29**

Each title in The Taschen Basic Architecture Series provides a comprehensive introduction to a significant architect. The publications offer a detailed chronological summary of the Architects life and work and analyse their historical importance and cultural legacy. Readers are taken through the subjects biographies and become familiar with key works illustrated in high quality reproductions. For its 30th Anniversary, Taschen has beamed this much loved Series up to its new 21st century orbit: Revised, Newly Designed , and hardcover bound –but still at a rock-bottom price! The series originated as A4 size folios but the New Basic Architecture 2.0 comes in a more manageable size.
